

CROP PROSPECTS GOOD IN COUNTY

Potatoes, Corn and Oats Are Growing Rapidly In This Vicinity

County Representative Luther has been off the job a week on a trip to southern Wisconsin. During this time there has been a great change in the crop prospects of Oneida county. Watching things from day to day does not reveal to the eye growth like seeing things after the absence of a week. The growth that vegetation can make in a week in this county is truly wonderful. A little trip south also makes one very well satisfied with Oneida county. From day light at Green Bay all the way down through those splendid counties of Manitowoc and Sheboygan, and from Milwaukee out through Waukesha and Jefferson counties and into Dane nothing was seen in the way of crops that can beat crops right here in Oneida county. Corn was just coming up and potatoes are not in evidence. Our oats are just as good as they are south and our clover has not its equal anywhere. Animal after animal as they come Oneida county cattle will compare favorably with the cattle in other counties. If we keep on as we are going in ten years the southern counties will not compare with Oneida county in high grade cattle. We have the country, we have the climate, and we have the people. But if we should happen to fall down anywhere, it will be in our own makeups. But there will be no fall downs. It does not take long to find that the people of Oneida county are thoroughly awake to the opportunity that is right here. It will not be let slip. Tend to the potatoes. Do not let a weed or a bug get in on the crop. Take care of the Wisconsin No. 8 corn. Cultivate it shallow. Do not injure its roots by late deep cultivation. Our corn is just as good as and probably better than most of the corn to the south of us. The farmers of Oneida county should keep cheerful and go after things with a greater determination than ever. Every effort will be rewarded sure.

The mail of a week brings cheerful news that silos will be built in this county this summer. The forms will be here and William Olson of Pelican town, speaks for them first. C. W. Swall of Roosevelt will probably follow Mr. Olson in the construction of a solid concrete silo. Who will be next? It is probably that a number up at Woodruff will want the forms. Over in Sugar Camp they are thinking of building some solid concrete silos this summer. Those who want to use the University forms should hurry up and get in their word early.

The Oneida Guernsey Club meets again on Saturday afternoon, June 29, at the Farmers' Room in the court house. All who are interested in this move are invited to the meeting. Every man who has ever looked from a car window upon some of the splendid herds in the southern counties and has compared such herds with the scrub herds which he also sees is anxious to have Oneida cattle graded up. The Oneida Guernsey Club will help to do this.

The professors at the University are pleased with the way the people are doing in Oneida county. It is a source of much satisfaction to know the way in which this county is being watched in the present agricultural endeavor. This county must deliver the goods.

HERE FROM CALIFORNIA

Wm. Monahan is entertaining his father, William Monahan, and brother D. R. Monahan of Los Angeles, Cal. D. R. Monahan is the owner of a large cafe in the California city and has much real estate there. In the early days he was a resident of Rhinelander and will be remembered by old citizens. This is his first visit in this city for a long period and he is surprised at its growth and prosperous condition. Before returning to the west he will visit at Oaksho and other southern Wisconsin cities.

IS DERRY NEAR BUNDY?

Escaped Prisoner Believed To Be Hiding In Woods

A deputy sheriff of Lincoln county spent a few days of last week in the vicinity of Bundy on the lookout for Ted Derry, who escaped from the Lincoln county jail two weeks ago and who is believed to be hiding in that part of the country.

Derry once made his headquarters at Bundy and knows the woods for miles in that section thoroughly. It is thought that he is hiding in some out of the way place in the brush far from any habitation and will remain there until the search for him is ended. Those who know Derry say that he would be able to live in this manner for months without any discomfort. He is an expert hunter and fisherman.

Derry has the reputation for being a tough citizen who would not hesitate doing any act of a desperate nature. He has given the authorities of both Oneida and Lincoln counties considerable trouble.

MELROSE PROVES BIG ATTRACTION

Hypnotist Performs Wonderful Work At The Grand Opera House

Melrose, the hypnotist, has been drawing fair sized houses at the Grand Opera House this week. Melrose is a pupil of Barnum, the hypnotist who appeared in this city over a year ago, and his work is nearly on a par with that of his teacher. He compels his subjects to perform all manner of amusing stunts when under his hypnotic power and the performance is one big scream from start to finish. He carries a number of his own salaried people and also secures subjects from the audience.

As an advertisement for his show Melrose put a young man to sleep over the telephone Thursday evening in the display window of Jacobson's store and he slept there until Saturday evening when he was removed to the opera house and awakened. Monday afternoon Melrose caused another young man to peddle a bicycle for five hours in the same window. Both these exhibitions of his power were witnessed by hundreds of people. Many expressed the opinion that it was harmful to the subjects to put them in such a state but Melrose claimed that it was not in the least injurious. This may be true but many states have laws against hypnotic exhibitions of this kind. Melrose stated that he has rode a wheel for sixteen hours steady while under the influence of Barnum.

HONOR LOCAL AERIE

Rhinelander Man Is Chosen State Eagles' Treasurer

At the Eagles' state convention at Janesville last week Rhinelander Aerie 350 was accorded an honor when J. C. Teal, secretary of the lodge, was unanimously elected state treasurer of the order. The recognition is one which both Mr. Teal and the members of the local Aerie keenly appreciate. It is the first time that a member of the Aerie has ever been honored with a state office.

The Janesville convention of Eagles was one of the largest and most successful ever held in Wisconsin. There were 111 delegates present representing 44 Aeries and 5679 members. Many of the lodges sent marching clubs—including Antigo with over sixty members. Antigo is out for the 1914 convention and boosted strong for that city at Janesville.

Superintendent Quigley of the Northwestern line was in the city Tuesday morning in his private car, No. 28.

WITTENBERG WINS IN SUNDAY'S GAME

Score Is 4 to 0 In Favor of Visitors--Birnbaumwood Is Here Next Sunday

By a score of 4 to 0 the base ball team from Wittenberg put one over on Gaston's nine in this city Sunday afternoon. It was a pitcher's battle throughout. Deakin, in the box for Rhinelander, pitched gilt edge ball and if the hitting of his team mates had been a little stronger he easily would have won his game. Brunner, pitching for the visitors, had Rhinelander at his mercy during the entire game only four hits being garnered off his delivery. The game was attended by 150 people.

Sunday next Rhinelander plays the Birnbaumwood team here and a fast game is promised. The box score of Sunday's game follows:

PERKINS-SMITH BOUT IS DRAW

Large Crowd Witnesses Box- ing Show At Opera House Friday Night

Burrell Smith and Billy Perkins boxed a ten round draw before one of the largest crowds that ever witnessed a glove exhibition in this city at the Grand Opera House Friday night. Both contestants were in fine trim and put up a good clean show. Many claimed it one of the best bouts ever staged in Rhinelander. It was evident to the spectators that the boys were in for a knock-out but neither seemed to be able to land the fatal punch.

Each of the ten rounds was fast and some hard blows were exchanged each man exerting all his strength and science in an effort to get in a haymaker. The crowd appeared satisfied with the decision of Referee Bellie.

The preliminaries were interesting to the crowd and furnished an hour of amusement before the main go. A large number of outside fans attended the card, coming from Pelican Lake, Monico, Tomahawk and points along the Soo line.

This is probably Perkins' last battle in Rhinelander. He left the city Tuesday for his home in Minnesota and stated that he did not intend to return. His plans are to follow the boxing game in the eastern states.

Dr. J. T. Elliott had the misfortune to break his right arm in falling yesterday afternoon. The accident occurred while he was on a fishing trip.

EXPERIENCE WITH WOLVES

Soo Bridge Tender Passes Through a Trying Night

Roadmaster Flatley of the Soo line tells of a thrilling experience which a Soo bridge tender near Headford Junction had with wolves Sunday night. Throughout the night three large timber wolves kept constantly on guard near a dug out which the man occupied and it was only the fear of his fire that kept the beasts from attacking him. Only a frail door covered the entrance of the dug out and the savage animals could easily have reached him. With the approach of dawn the wolves sneaked away. The bridge man resigned his place at once and informed Mr. Flatley that he would not remain there another night for \$1,000.

PLAN TO OBSERVE FOURTH OF JULY

Citizens Hold Meeting And Ar- range To Celebrate In This City

At last it has been decided to celebrate July 4th in Rhinelander. A meeting of representative citizens was held at the city hall Tuesday night for the purpose of arranging for the proper observance of the holiday.

Prescott Calkins, chairman of the meeting, appointed a committee of five to solicit funds for the celebration. This committee consists of Frank Pecore, Pat Cain, John Johnson, Chas. Bellie and Ernest Henning. A finance committee was named as follows: J. B. Plumb, P. F. Seibel, Louis Kirk, Ernest Henning, F. E. Parker and Theo. Saterstrom. The following committee on arrangements was appointed: J. D. Cole, Frank Pecore, Fred Anderle, R. A. Reik, Geo. Hilgeman, Peter Rouman, Walter Liebenstein, Chas. Bellie, A. F. Schliesman, Pat Keenan and William Gilley.

These committees were instructed to get busy at once toward the realization of a rousing July 4th celebration and will make a report at the city hall to-night.

If you have arranged to spend Independence Day elsewhere change your plans and remain in Rhinelander. There will be plenty of amusement here for everyone. Let the old bird of freedom scream next Thursday.

CAN USE FAIR GROUNDS

Fair Association Wants No Pay From Base Ball Team.

Upon reconsideration of its previous action the Oneida County Agricultural association consented on Saturday to allow the Rhinelander base ball team free use of the fair grounds for the playing of ball games.

The first stand taken by the association in refusing the team free use of the grounds did not meet with the approval of the fans and the association was severely censured. Seeing that public sentiment was against them in the matter the officials decided to change their attitude and informed Manager Gaston that he could use the grounds without charge.

This puts a different light on the base ball situation here and it is announced that the team will not disband, which is gratifying news to the fans.

DEMOCRATS FAIL TO NAME CHOICE

Baltimore Convention Is at Sea As to Selection of Candidate

The democratic convention met at Convention Hall, Baltimore at noon Tuesday and immediately after the calling to order and reporting the selection of Alton B. Parker for temporary chairman the fur began to fly. William Jennings Bryan attacked Parker's selection and said the eyes of the whole nation are upon this convention to see if the democrats at Baltimore are to be governed by the interests the same as the republicans were at Chicago. After a most eloquent plea against Parker for chairman a vote was taken which elected Mr. Parker over Mr. Bryan by 578 to 510. Since then Mr. Bryan has refused to take any position to compromise himself with the special interests. The Bryan-Wilson forces combined yesterday and broke the unit rule in primary states, by a vote of 555 to 493. Wisconsin joined with the majority. The defeat of the unit rule is looked upon as a Wilson victory, but the convention seems to be at sea as to the choice of a candidate for president. The platform will not be adopted until after the selection of a man is made for president so he may have something to say about the wagon he is to ride on.

Ollie James, a Clark follower, is permanent chairman and many Clark supporters think their candidate will be the democrats standard bearer for 1912. It is predicted that the nominee will be selected before twelve o'clock tonight.

FINE PROGRAM BY ST. MARY'S PUPILS

Twenty-Six Graduate and A Pleasing Entertainment is Given

Twenty-six children finished their course at St. Mary's parochial school and were presented with their diplomas at the Grand Opera House last Thursday night.

The occasion was marked with a very pleasing entertainment in which pupils of the school participated. The program was one of exceptional merit and reflected credit on the little folks and the sisters at St. Mary's school who instructed them. Music, both vocal and instrumental, playlets, cantatas and pantomimes composed the program. Each number was cleverly rendered and thoroughly enjoyed by the large audience which did not hesitate to voice its appreciation by loud and numerous encores. It is to be regretted that each feature cannot be given the mention it deserves but this would require more space than is available. The long program did not come to end until near twelve o'clock.

The graduates of St. Mary's school will enter the Rhinelander High school next year.

FIRST CLASS VAUDEVILLE

Eugene Willard has entertained large crowds at the Majestic this week with his character studies and songs. Mr. Willard is a vaudeville artist of ability and his equal has been rarely seen here.

Many high class pictures have also been shown at the Majestic this week. It is the right place to pass away an idle hour.

Both Mr. Kriesel and his bride are well and favorably known in Rhinelander. That they may have a happy voyage through life is the earnest wish of their unnumberable friends.

O'MALLEY IN MERRY CHASE

Officer Arrests Two Tramps After Long Sprint

Two suspicious appearing characters giving the names of Harry and George Peterson were arrested Sunday night by Officer O'Malley after they had given him a merry chase from the Soo railroad bridge to the saw-mill district.

The men were sitting near the bridge and when the officer approached them they started to run. James gave immediate pursuit and after a sprint of over half a mile finally captured the pair in a lumber yard. At the city jail the prisoners said their home was at Antigo but no such men are known at that city. As they promised to leave the city at once they were given their release.

"BLUE AND GRAY" AN EXCELLENT PLAY

Training School Seniors Give a Clever Production Last Night

"The Blue and the Gray," the play presented by the Senior class of the Oneida County Training School at the Grand Opera House last evening, was easily one of the best home talent productions ever given in Rhinelander. Eleven young people were in the cast and their acting displayed talent, cleverness and careful preparation. Too much cannot be said in praise of the participants who made the play a success.

The play is in three acts and the scene is laid in the south at the time of the civil war.

Eleanor Hamilton is sent to a southern school to get her away from her lover who is in the northern army. She excites the suspicion and finally the enmity of her fellow pupils, except of the Quakers, Ruth Morton. The Principal of the school, Madame Mayburn, is instructed to allow Eleanor to receive no company, nor is she permitted to either send or receive any letters. Juliet is sorry for her and helps her to receive letters from her lover. This is finally discovered and Eleanor decides to flee with her lover. They mistake the way and Eleanor comes back in order to plead with Madame for help. Although the Principal of the school is in thorough sympathy with the South, she feels sorry for Eleanor and tells her the way. Just as Eleanor leaves to join her lover, southern soldiers enter the house to capture him, but they are too late.

It is estimated that these will at least cost another \$40,000.

The Herman Construction Company of Antigo was a close second in the bidding, their amount being \$42,350. W. H. Farley of New Lisbon bid \$44,500 and Tomlinson & Egan of Ashland bid \$43,400. The highest bidder was the Western Construction Company of LaCrosse, \$51,070.

WHO ARE THE CLERKS?

In answering the challenge of the so called Clerks' base ball team the Barbers assert that they are ready at any time to meet the Clerks on the diamond providing the team is composed of clerks only. The razor shavers claim that they do not care to clash with a nine under the pretense that it is made up entirely of counter jumpers when in reality it numbers bookkeepers, stenographers, and other office workers. If the Clerks really are anxious for a game the Barbers will accommodate them but if the ink slingers and key-board pounders desire a tilt there is nothing stirring.

DOLLAR AT THE DOOR

One day a silver dollar sought A lodging in the town,
The cheery ring of silver brought, Intent to settle down,
The fellow it was first to sight Was one, I'm sad to say,
Who did not hasten to invite The coin in town to stay.

This most unpatriotic man, Instead of being glad To aid the dollar in the plan To help the town it had,
The dollar sent afar to roam In other regions then— And never to his town or home That dollar came again.

Another dollar also came, But met a man more kind— A fellow with a different name, More patriotic mind.
He asked it in, he bade it stay And help the town to grow; And never more it roamed away Or cared afar to go.

From house to house that dollar went And labored for the good Of every man to whom 'twas sent And all the neighborhood.
It helped the farmer's field to till, To swing the woodman's ax, To build the church upon the hill And pay the village tax.

Next time a dollar comes to town Let's greet it with a cheer; Don't send it off or turn it down, But let it settle here— For every dollar come to roost In home or farm or store Is one more dollar come to boost The town a little more!!

NEW BOOKS AT THE LIBRARY

A large number of new books have been received at the library. Those who are interested in the writings of Jane Addams, and the work she has been so successfully doing will be interested in reading "Twenty Years at Hull House." It is an excellent survey of the founding and development of Hull House, and of some of the civic and social movements in Chicago which Miss Addams has been associated. The clear and adequate chapters contain no dogmatism and few generalizations, and reveal the open-mindedness and perfect sanity which have characterized her work. There are interesting accounts of her early life and education and the influences which led to her life-work.

The proceedings in the United States for the regulation of railroads are also carefully reviewed. This is a very important reference work. An appendix contains 55 courses of study in ancient, medieval and modern history.

McCullough—Engineering as a Vocation. The substance of lectures delivered at technical schools and before associations of engineers' assistants has been made into an interesting book in which a glimpse of the history of engineering, the qualifications, the training of an engineer, whether in technical school, by correspondence or by books, and the different kinds of work an engineer does are presented in popular style. BABY'S HANDS TIED

MOTHER TELLS HOW SAXO SALVE CONQUERED ECZEMA.

"Last fall we noticed small rough and red spots coming on baby's hands. The skin was very dry and she kept scratching them until they would bleed. We lost a good deal of sleep with her. Finally we took her to the doctor and he treated her several weeks, but it kept spreading until we had to keep her little hands tied and dress and bandage them several times a day they were so sore, and we used everything we could hear of for eczema. Finally our druggist told us about Saxo Salve. We tried it and one and a half tubes has entirely cured her. Her little hands are smooth and not even scarred, and we are so glad to tell others what Saxo Salve has done for us. Mrs. M. Stephenson, Lebanon, Ind." You cannot do better than to try Saxo Salve for eczema, tetter, ringworm, or any skin affection—we cheerfully give back your money if it does not help you. J. J. Reardon, Druggist, Rhinelander, Wis.

PRIZES FOR GOOD MENUS

The patient housewife who is trying to cater to the needs of her family on a moderate income has to solve daily the same old problem. "What shall I cook for breakfast for lunch, for dinner?" The very monotony of the question gets on one's nerves, and there is a lot of real difficulty in planning a wholesome variety for each day. The Chicago Record-Herald has mercifully come to the aid of puzzled housewives by printing in each issue a set of three menus, with recipes, under the title, "Meals for a Day." What is more, it gives four cash prizes every week for the best of these menus, and women all over the country are invited to compete. The terms of award and the names of the latest winners may be found in any Monday issue of the Record-Herald. That is the day, too, when the "Martha's Management" column appears with its helpful hints and advice to cooks and housekeepers. In the Sunday issue a whole page is now filled with the splendid new feature known as "The People's Institute of Domestic Economy." This also gives a group of selected recipes, which if cut out will make a most valuable collection. The beautiful embroidery pattern each Sunday, is itself worth double the price of the whole paper. Women not familiar with the prize menu feature of The Record-Herald should investigate it at once. Many have found it a handy means of getting fresh ideas and securing cash for those they already have.

When your child has whooping cough be careful to keep the cough loose and expectation easy by giving Chamberlain's Cough Remedy. As may be required. STICK BY NEWSPAPERS

Because the Merchants' Association of Wausau has taken a stand against advertising in any medium except newspapers, the city may lose the annual convention of the Wisconsin Master Painters' Association, scheduled for July 30 and 31 and Aug. 1 and 2. The local branch of the order had planned to raise considerable money to defray the expenses of the convention. It is stated, however, that the merchants are willing to subscribe money to their fund.

Many feel Teddy got his own medicine at the convention. They say the Taft steam roller is the same old machine that Roosevelt used four and eight years ago. The only difference is the other fellows had control of the roller.

The McGovern-Houser incident at the National convention is still a leading subject for newspaper discussion. We are not willing, at this time, to condemn the governor although we do not agree with him, and did not when at Chicago. His reasons for becoming a candidate for temporary chairman are not strong in our eyes but we do believe there may be an honest difference of opinion and think it unwise to agitate this question at this time.

INGRAM SCORES PLATFORM
A repudiation of the platform adopted at Chicago, a declaration that it does not voice the progressive principles of the Republican party and that the issue of standpatism against progressivism must be fought out in a continued battle for the control of the party, aided by a national presidential primary law, embody ideas expressed by Speaker Charles A. Ingram, candidate for congress in the new Tenth district, in an address.

AGAIN USING STEAM ROLLER
The same old steam roller from Wall street that forced William Howard Taft upon the republican party is now at Baltimore actively manipulating the democratic party. Tuesday afternoon by a vote of 579 to 510 Alton B. Parker, the Wall street candidate defeated Wm. J. Bryan, for temporary chairman of the democratic convention.
Champ Clark allied himself with the Wall street gang. Can Clark be nominated for president now? It remains to be seen. It requires two thirds in the democratic party to nominate. It does not look so bright for Clark as it might but it is evident the Wall street steam roller intends to capture the candidates so they can put their true candidates against each other, and get the people to fight and still the predatory interests may sit back and smile knowing they will have their choice either way the election goes. Such is the situation at this writing.

THE NEW PARTY
Scarcely had the work of the national convention closed, when another large and enthusiastic meeting gathered with Theodore Roosevelt as leader to organize a new progressive party. Many of the prominent progressive leaders of the country were present and expressed the opinion that it is now time to organize a new progressive party. While little was done to bring this new party into existence until after the action of the democratic convention is known, it seemed to be the opinion of the entire body that the parting of the ways between progressives and reactionaries is reached. No Wisconsin progressive was present at this gathering and it is believed that should this progressive party develop with Roosevelt as leader that it will have no appreciable following in Wisconsin. Neither LaFollette nor any of his followers seem to give this meeting serious consideration at this time. In the past it has been the idea of Senator LaFollette to reform the republican party from within rather than organize another party and it is thought by many it will be the same now.

DISMISS SOHR CASE
At the hearing in the second case against John Sohr in municipal court this week the defendant was dismissed owing to lack of evidence. The complaining witness failed to appear.

TAFT'S POOR ENDORSEMENT

The republican convention which opened with so much expectancy closed like a funeral. The nomination of President Taft was marked with no real enthusiasm. The old machine gang, that forced the re-nomination of the president sat with set jaws and clenched fists as though they were forcing something down the throats of their opponents which they considered good for them and the opponents were bitter as well could be.

Out of 1078 delegates and over two hundred fifty contested and given to Taft by the National committee and also decided in their favor by the credentials committee chosen by a temporary chairman selected by the national committee. Mr. Taft received only 568 delegates, a poor showing of a man's record for four years, and deducting the 255 contested he received 313 or less than one-third of the total vote. Over 300 Roosevelt delegates refused to vote and 107 voted for the ex-president.

LaFollette received 41, Cummins 17. The same influences that controlled the nomination controlled the making of the platform so that is meaningless, or bourbon. The result of the whole convention is not the expressed will of the voters but the work of a political machine led by men repudiated in most cases in their own state. They unseated and seated delegates at their own will and so if they did not get the candidate and platform they wished it is surely their own fault.

The vice presidency was thrown around the coliseum at various progressives but none caught the bait and so finally that landed on Sunny Jim again, so the ticket for 1912 is: For President—

WM. HOWARD TAFT.
For Vice President—

JAMES SHERMAN.

PEOPLE'S ONLY HOPE

"It is my hope," said United States Senator Gore, in Milwaukee about two months ago, "that the Republicans will nominate LaFollette and that the Democrats will nominate Wilson, for then, no matter which may be defeated—the people will win. At Chicago, however, the Tories won out, and they are likely to win out here in Baltimore. It looks as though, no matter whether the Republican or the Democratic nominee may win, the people will lose. It looks as though neither party could be made truly representative of the people. It looks as though the country's only hope lies in the formation of a new party that shall be genuinely Progressive.

T. R. Third Party Hindrance
In the way of this plan is Roosevelt and his third party movement. Just as Roosevelt, by becoming a candidate for the Republican presidential nomination, as he did, prevented a united Progressive ticket being made at Chicago. To give a new party the right kind of start will require the enlistment of men like LaFollette, Bristow, and Polkeder on the Republican side, and men like Bryan, Wilson and Gore on the Democratic vote. These men, for the most part, cannot join step with Roosevelt by concerted action. However, they might get control of a third party movement.

IRONWOOD BANK AFFAIRS

Nothing of a startling nature has developed in the affairs of the defunct Bank of Ironwood during the past week, and practically nothing more is known concerning the condition of the bank than was known a week ago.

One fact which has caused much satisfaction among the creditors of the bank, is that Mr. Deroy, who has been acting as special administrator in the bank case, but who had said that he did not wish to take the administration, early in the week, at the solicitation of many of the creditors of the bank, concluded

that he would accept the position of administrator, if the court should see fit to appoint him, and "see the matter through to the end." The Times is certain that a large majority of the creditors of the bank greatly desire to see Mr. Deroy continue in charge of the affairs of the institution, and we hope that their wishes in this regard will be taken into consideration by the court.—Ironwood Times.

Rev. La Porte was at Wicklow and Irma this week in the interests of the American Sunday School Union.
